**273, 318, 340, 360 MANIFOLD CASTING NO'S  
 (A/LA-engines)**

Pipe bends vary depending on manifolds. TTI requires the manifold casting numbers off of each manifold to ensure that we supply you with the correct bend necessary for your application. TTI exhaust-pipes available to listed manifold casting numbers only. Manifold casting numbers are located on the top of the manifold, usually 7-digits long. Manifold photos shown for informational purpose only. (Photos were taken by TTI, shared with TTI or found on the world-wide-web)

\*Standard Trans / A-body applications using manifold casting no 2863549, will require a 90° oil filter adapter.

\*\*Auto Trans / A-body applications using manifold casting no's 2863553 or 3614368, may require modification to the lower throttle rod of the 3-section kick-down link.
